3、Product UI

| No. | Function | Description | Prompt Tone |
|-----|----------|--|-------------|
| 1 | Power on | With the device powered off, press and hold both sides for 2 seconds to power it on. The red and blue LEDs will flash rapidly alternately, accompanied by the voice "Power on". After powering on, it will automatically enter pairing mode. | Power on |

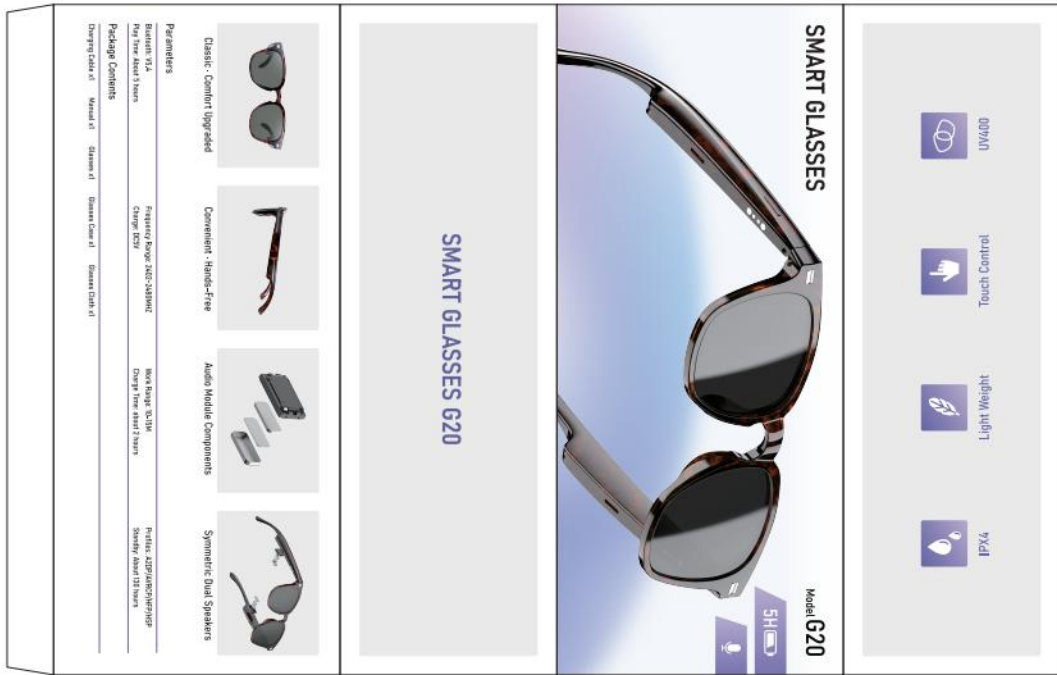

| | | | |
|---|---------------------------------|--|-----------|
| 2 | Power off | When powered on, press and hold either side for 5 seconds to power off; the red light will flash for 1 second (both temples power off simultaneously). | Power off |
| 3 | Play/Pause | Double-tap left/right touch | |
| 4 | Previous song | Triple tap the left touch area | |
| 5 | Next song | Triple tap the right touch area | |
| 6 | Volume + | Click the right touch area | "Dudu" |
| 7 | Volume - | Click the left touch area | "Dudu" |
| 8 | Clear pairing information/Reset | When the device is powered off, press and hold the touch area for 10 seconds until the blue light flashes 3 times quickly, then power off again. | |
| 9 | SIRI function | Press and hold any leg for 2 seconds; a beep will sound, then Siri will be activated. | "Beep" |

| | | | |
|----|----------------------------------|--|-------------------------|
| 10 | Pairing mode | <p>1. After powering on, the smart glasses will automatically enter pairing mode; after successful TWS pairing, the main temple's blue light will flash alternately, while the secondary temple's blue light will flash slowly.</p> | Pairing |
| | | <p>2. After connecting to the phone, the main temple's blue light flashes slowly, while the secondary earbud's light turns off.</p> | |
| 11 | Bluetooth connection successful | Connect your phone to Bluetooth glasses | Your phone is connected |
| 12 | Multiple mobile phones connected | <p>If multiple phones have connected and pairing has not been canceled, the smart glasses will prioritize the most recently connected phone. Disconnecting other phones will allow reconnection, but only one phone is allowed to connect at a time.</p> | Your phone is connected |

| | | | |
|----|------------------------|---|--------------------------------------|
| 13 | Audio channel | The left channel is on the left side of the temple, and the right channel is on the right side of the temple. | |
| 14 | Disconnection | The smart glasses will shut down after 5 minutes of no Bluetooth connection after powering on; the smart glasses will shut down after 5 minutes of Bluetooth disconnection; and it will automatically pair again after Bluetooth disconnection. | Your phone is disconnected/power off |
| 15 | Low battery alarm test | 3.3V alarm, 3.1V shutdown, low battery alarm with voice prompt "battery low", low battery alarm interval 30 seconds, red light flashes twice every 5 seconds. | Battery low |
| 16 | Standby | The music pauses for 1 minute before entering standby mode. The blue light will be off while in standby mode (it can be activated by lightly touching the touch point after standby). | |

| | | | |
|----|------------------------------------|--|---------------|
| 17 | Cannot be turned on while charging | Cannot be turned on while charging | |
| 18 | Play music | After Bluetooth connection, the main and secondary signal lights turn off when playing music. | |
| 19 | TWS pair | Automatic TWS pairing upon power-on | |
| 20 | Factory volume | The default volume is 80%. | |
| 21 | Answer the phone | Click the right leg touch button | Incoming call |
| 22 | Reject the call | Click the left leg touch button | |
| 23 | Hang up the phone | Click any function key to hang up the current call. | |
| 24 | Incoming call during a call | When a call comes in during a call, tap the touch point to answer the new call and hang up the current call. | "Dudu" |
| | Answer the phone | | |
